

# DESIGNED GREEN TO SAVE \$GREEN\$

- The HURRICONE Cordless Floor Dryers are Energy Efficient; they use only 3¢ of electricity to fully charge the battery that gives you up to 12 hours of continuous run time.

- If you use the unit everyday for 1 year, it only costs \$10.68 to operate for the entire year.

- The Battery Pack used in the HURRICONE is made from 90% recycled lead components and 30% recycled plastic components.

- The Battery Pack is 100% Recyclable when Battery Life is exhausted.

- The Plastic Components used in the HURRICONE are made from 80% Recycled Plastics.

- The Carton, Packaging and Instruction Sheet of the HURRICONE are made from 75% post consumer recycled materials.
